

It's a Wonderful Life

Joy Noel Stachmus
Wardrobe Supervisor

2025

As wardrobe supervisor, I built tracking, maintained costumes, and assisted with hair and makeup for the cast. It was a one act show with a cast of 8. I did not have a dresser team. I supervised all costumes and changes throughout the show, resetting at end of show. For strike, I sorted laundry from dry cleaning. As it was a period piece, I assisted cast members with era appropriate hairstyle and make up looks. The run was smooth and a great experience for managing a full cast without a support team.
